PACKAGING AND TRANSPORT INFORMATION FOR Q CELLS SOLAR MODULES Q.PEAK DUO BLK-G6+/AC

SCOPE OF DELIVERY		
Scope of delivery	 Solar modules in box (as described below) 1× delivery receipt with specifications of pallet numbers (box IDs) 1× safety information 1× packing list with Module ID numbers on each box Measured module current-voltage parameters ("flasher list") are sent parallel to the delivery per email. 	
Handling units	The smallest handling unit is a completely filled transport box, as described below. A partially filled transport box will only be sent in special cases after prior agreement (may involve additional costs).	

TECHNICAL DATA PACKAGING /	STACKABILITY
----------------------------	--------------

Box type	120 cell modules in the version of 26 modules per wooden pallet	
Outer dimensions (incl. pallet)	approx. $70.1 \times 42.5 \times 47.6$ in $(1780 \times 1080 \times 1208$ mm)	
Approx. tare weight	82 lbs (37kg)	
Box outside view		

Modules per box	26
Approx. gross weight (full box)	1310 lbs (594 kg)
Max. no. of stacked boxes for transport	1 on 1 (batch of 2)
Max. no. of stacked boxes for storage	2 on 1 (batch of 3)

LOADING

Typical truck loading 53' trailer (47'6" × 98.6" × 108")	32 pallets (16 × 2 lengthwise) Maximum allowed weight
Typical 40' high cube container load (26	26 pallets (12 × 2 lengthwise, 1 × 2 crosswise)

Truck specification and transit support

Q CELLS conducts a pre-delivery check of all trucks. Generally, only trucks approved for loading are roadworthy and ready for operation. Q CELLS loads, stores and fastens the goods in a manner which is safe for transport. The carrier must approve of the safe storage. The load securing complies to the state of the art in accordance with the respective legal regulations (e.g. Road Traffic Act). The carrier must provide appropriate tools for securing the load. Trucks without appropriate equipment to secure the load will not be loaded and will be prohibited from transporting the modules. For ecological reasons, Q CELLS always aspires for a complete loading of the truck.
